and
College of Engineering
University of Teheran**

The School of Engineering and the School of Materials and Chemical Technology and the School of Environment and Society, Tokyo Institute of Technology and College of Engineering, University of Teheran (hereafter, jointly referred to as "the Parties") shall cooperate in areas of education and research to be agreed upon. Cooperation in other areas may be arranged by mutual agreement.

Within the fields to be mutually designated, the Parties agree to the following general forms of cooperation:

1. Joint research activities and publications;
2. Exchange of invitations to scholars for lectures, talks and sharing of experience;
3. Exchange of invitations to scholars to participate in conferences, colloquia and symposia;
4. Exchange of information in fields of interest to both institutions;
5. Exchange of faculty members and students for study and research.

The themes of the joint activities, the conditions for utilizing the resulting knowledge and/or expertise and the arrangements for specific visits, professional leaves, exchanges and/or other forms of cooperation will be negotiated on a case-by-case basis.

Each Party acknowledges that the export and/or transfer of any goods and/or technology to the other party when developing and implementing specific activities based on this Agreement may be subject to laws and regulations concerning export control. Each Party shall comply with all such applicable laws and regulations of its respective country.

This agreement shall be effective upon the date of signature by the representatives of the Parties named herein and is valid for five years. It may be extended thereafter by mutual agreement of the Parties. Any amendment or termination shall be agreed upon by the Parties through consultation and put in writing.

The Parties, each acting through its duly authorized representative, have executed this Agreement in two (2) originals in the English language.
